Section 214 Application

**Applicants: AT&T Communications of Michigan, Inc., AT&T Communications of Texas, LP and
AT&T Communications Holdings of Wisconsin, LP**

On February 26, 2007, AT&T Communications of Michigan Inc., AT&T Communications of Texas, LP and AT&T Communications Holdings of Wisconsin, LP (collectively AT&T or Applicants), located at **PO Box 598016, Orlando, FL 32859**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of interstate residential local exchange services throughout their service areas in Michigan, Texas, and Wisconsin.

AT&T indicates that it currently provides interstate residential local exchange service in Michigan, Texas, and Wisconsin. AT&T specifies that this service is a basic telephone exchange service that allows customers to make local calls within a local exchange, which includes local calling areas that cross state boundary lines. AT&T states that, as a result of the acquisition of AT&T Corp. and its subsidiaries by SBC Communications Inc., AT&T now plans to discontinue the interstate residential local exchange services that it currently provides in Michigan, Texas, and Wisconsin. However, AT&T further states that its new incumbent local exchange carrier affiliates, AT&T Michigan, AT&T Texas, and AT&T Wisconsin will provide alternative interstate residential local exchange services. AT&T specifies that following the discontinuance of existing services, the combined entity hopes to migrate all affected residential local exchange customers in Michigan, Texas, and Wisconsin to one local service platform in each state. AT&T indicates that in Michigan and Wisconsin, AT&T will no longer offer the affected services to new customers on or after April 22, 2007, and will begin to migrate existing customers on or after April 30, 2007, subject to Commission authorization. AT&T further indicates that in Texas, AT&T will no longer offer this service to new customers on or after April 22, 2007, and will begin to migrate existing customers on or after May 21, 2007, subject to Commission authorization. AT&T maintains that there are many

alternative providers of local exchange telephone service in the affected areas, including Sage Telecom, Inc. in Michigan and Texas; Talk America Inc. in Michigan and Wisconsin; Time Warner Telecom of Texas, Inc. in Texas; and the new AT&T incumbent local exchange carrier affiliates, AT&T Michigan, AT&T Texas, and AT&T Wisconsin. AT&T also states that customers should not experience any loss in service as a result of the discontinuance because AT&T plans to migrate customers automatically to the appropriate new AT&T affiliate unless customers elect to receive service from another provider. AT&T indicates that it notified affected customers of the proposed discontinuance by letters sent via U.S. Mail on February 23, 2007. Finally, AT&T asserts that it is non-dominant with respect to the services it proposes to discontinue.

In accordance with section 63.71(c) of the Commission's rules, AT&T's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies AT&T that the grant will not be automatically effective. In AT&T's application and notice to its customers AT&T indicates that it anticipates discontinuing service on or after April 22, 2007. Accordingly, pursuant to section 63.71(c) and the terms of AT&T's notice and application, absent further Commission action, AT&T may terminate service on **April 22, 2007**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **April 5, 2007**. Such comments should refer to **WC Docket No. 07-46 and Comp. Pol. File No. 781**.
